RE: Qwest Communications Int'l, Inc. and Centurytel, Inc.  
Docket No. SPU-2010-0006

This Joint Motion for Approval of Settlement reflects changes due to the completion of the hearing, specifically (1) footnote two is changed to reflect Board questions regarding prefiled testimony; (2) the motion now reflects that the settlement conference was waived; and (3) the CLEC intervenors now ask to be withdrawn rather than excused from the hearing.

Sincerely,

/s/Angie Walker-Springer
