Docket No. FCU-2012-0019

Dear Executive Secretary:

Enclosed please find Dumont Telephone Company's direct testimony of Roger Kregel in Docket Number FCU-2012-0019. Both a public version and confidential version are submitted. This submission is in response to the Board's Order Setting Partial Procedural Schedule and Fourth Prehearing Conference dated September 16, 2013.

The "confidential" version contains bracketed and highlighted information that has been provided to Dumont Telephone Company by CenturyLink in this case under CenturyLink's claim of confidentiality. Dumont requests that the Board keep the bracketed and highlighted confidential information confidential for fourteen days to give CenturyLink an opportunity to seek and obtain a protective order from the Board.

In accordance with the Board's rules, Dumont Telephone Company will serve the confidentially-marked information only upon counsel who are authorized to receive confidential information provided by CenturyLink in this case, pursuant to the Protective Agreement applicable to this case.

Very truly yours,

DAVIS, BROWN, KOEHN, SHORS & ROBERTS, P.C.
