RE: Electric Cooperatives' Joint Report Pursuant to SF 2386 – Typographical Error

Dear Ms. Conrad:

The Iowa Association of Electric Cooperatives electronically filed the Electric Cooperatives' Joint Report Pursuant to SF 2386 on December 31, 2013. In that filing the phrase "Plan to Date Results (Through 2010)" was shown in error as a heading on the table on pages numbered 10 and 11 for the sum of all IAEC member cooperatives as well as on the similar table pages for each cooperative's individual results within the document.

The heading should have read "Plan to Date Results (Through 2012)".

I serve as the contact person for this filing. Please feel free to contact me if you have questions.

Sincerely,

/s/ Ethan Hohenadel
