RE: Interstate Power and Light Company
Docket No. EPB-2014-0150
Section II – Emissions Budget
Application and Affidavit for Confidentiality

ERRATA FILING

Dear Secretary Conrad:

Enclosed, and submitted to the Iowa Utilities Board (IUB) today via EFS, please find confidential Revised Section II, page 6 and confidential Revised Appendix C, of Interstate Power and Light Company's (IPL) Emissions Plan and Budget, initially filed with the IUB on April 1, 2014. IPL inadvertently omitted on page 6 of Appendix C, in the *Capital Costs – Other* section, a line item for *Ash Ponds Closure* for the Prairie Creek Generating Station. This omission affects summary tables found on pages 1 and 8 of Appendix C.

As a result, the following changes are reflected in Section II:

Section A. Background and Budget Summary Information:

- page 6, Table 1, *Capital Investments (Other)*, columns *2019* and *Total 2017-2019*

Appendix C:

- page 1, *CAPITAL COSTS – Other*, lines 5 and 9;
- page 6, *CAPITAL COSTS – Other*, lines 1 and 6, columns *2019 BUDGET Loaded \$* and *2017-2019 TOTALS*; and
- page 8, line 3, *Capital Investments (Other)*, columns *2019* and *Total 2017-2019*.

Please remove the incorrect page 6 of Section II and Appendix C, noted above, and replace with the Revised page 6 of Section II and Appendix C, included in this filing.

Secretary Joan Conrad

Also enclosed is a copy of IPL's Application for Confidential Treatment and Affidavit in Support of Request for Confidentiality.

Thank you for your attention.

Very truly yours,

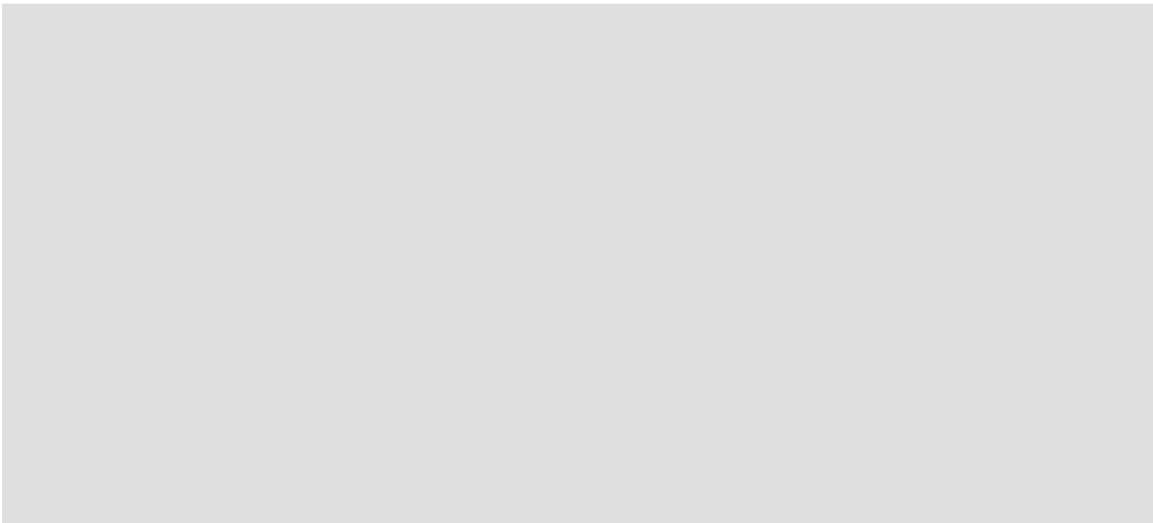

/s/ Benjamin M. Clark

BMC/kjf
Enclosure

these capital investments is approximately \$100 million, with the other joint owner of the Ottumwa Unit 1, MidAmerican Energy Company (MidAmerican), responsible for the remaining investments.

IPL's share of investments included in the 2015-2019 Budget Update for the units it operates are shown in Table 1 below, as well as actual expenditures incurred during 2013. The Budget Update includes neither the budgets associated with MidAmerican's Neal Generating Station (Neal) and Louisa Generating Stations (units in which IPL has an ownership interest but MidAmerican operates) nor IPL's ownership share of those budgets. A more detailed breakdown of IPL's Budget Update cost figures can be found in Appendix C. The estimated costs in Appendix C include labor and material loadings (burden).

B. Status of 2013-2014 Budget Update

On April 2, 2012, IPL filed with the Iowa Utilities Board (Board) its EPB for the period 2013 through 2014. The 2013-2014 Budget Update, including the emissions control projects contained within it, reflected IPL's continued approach
