

**EXHIBIT A**  
**E-20994, Amendment 14**  
**Linn County, Iowa**

**3.53 Miles of 72,500V Maximum (69,000V Nominal), Three Phase, Wye Connected electric transmission line. (Upgrade to Part C-3 of Docket E-20994)**

**The south terminus of this segment of line is a point of electrical connection in Interstate Power and Light Company's (IP&L) Lafayette Substation located in the Northwest Quarter of the Northwest Quarter of Section 28 Township 85 North, Range 7 West of the 5<sup>th</sup> Principal Meridian, Linn County, Iowa.**

**The north terminus of this segment of line will be a point of electrical connection with ITC Midwest LLC's (ITC) electric transmission line in the northeast corner of Section 8, Township 85 North, Range 7 West of the 5<sup>th</sup> Principal Meridian, Linn County, Iowa.**

This proposed electric transmission line will begin on private right of way at a point of electrical connection within IP&L's Lafayette Substation at a point near the west margin of public right of way near the intersection of County Road E28 (a.k.a. Roosevelt Street) and East Otter Road, located in the Northwest Quarter of the Northwest Quarter of Section 28, Township 85 North, Range 7 West of the 5<sup>th</sup> Principal Meridian, Linn County, Iowa; thence northeasterly in public right of way of the west margin of East Otter Road to a point near the northeast corner of the Northwest Quarter of the Northwest Quarter of said Section 28, a distance of approximately .26 mile; thence east crossing said East Otter Road to a point in public right of way in the east margin of said East Otter Road near the southwest corner of the Southeast Quarter of the Southwest Quarter of Section 21, said township and range, a distance of approximately .01 mile; thence north in public right of way of the said east margin of East Otter Road and crossing the public right of way of Old Center Road to a point near the southwest corner of the Southeast Quarter of the Southwest Quarter of Section 16, said township and range, a distance of approximately 1.01 miles; thence west in public right of way in the north margin of said Old Center Road, crossing Troy Mills Road to a point in the west margin of public right of way of said Troy Mills Road near the southeast corner of Section 17, said township and range, a distance of approximately .25 mile; thence north in public right of way in the west margin of public right of way of said Troy Mills Road, crossing Deal Road and continuing north in public right of way in the west margin of said Troy Mills Road in Section 8, said township and range, a distance of 1.98 mile; thence northwesterly to a point in public right of way approximately .012 mile west of and .01 mile south of the northeast corner of said Section 8, said township and range, to a point of electrical connection with ITC's electric transmission line, a distance of approximately .02 miles. The distance of this segment of line is approximately 3.53 miles.
