STATE OF IOWA  
 Counties of Linn and Johnson ss.

State of Iowa  
 County of Linn

Notice is hereby given that ITC Midwest LLC (ITC Midwest) (Petitioner) with its principal place of business at 123 5th Street SE, Cedar Rapids, Iowa, 52401, proposes to build a transmission line in Linn County, Iowa at a nominal voltage of 69,000V (69kV). This proposed line is primarily needed to serve a new Linn County REC substation. The proposed line is also part of a broader plan to improve electric transmission reliability in the area by providing greater protection against lightning related outages, increasing the capacity on the existing transmission system, and ultimately providing two-way service to area substations. The notification corridor and the proposed line route for which new easements may be sought in Linn County are reflected on the enclosed map and by reference made a part hereof. The notification corridor is the area in which landowners are notified concerning the public informational meeting and in which easements may be sought after the meeting is held.

Prior to construction of this new transmission line, the Petitioner will request a Franchise from the Iowa Utilities Board (Utilities Board) authorizing the construction, operation, and maintenance of the transmission line along the proposed route. The proposed route of the transmission line generally begins at a point near the northeast quadrant of the intersection of Linn Ridge Road and Iowa State Highway 1 in Section 25, Township 83 North, Range 5 West of the 5th Principal Meridian, Linn County, Iowa, and runs along the northerly margin of said Linn Ridge Road in Sections 22, 25, 26, and 27 to the proposed site of a future Linn County REC substation near the intersection of Springville Road, Yeisley Road and Linn Ridge Road for a distance of approximately 2.50 miles.

ITC Midwest will seek to acquire easements within the identified corridor for the construction, operation and maintenance of the line described in this notice. The easement request will also include the right to maintain the right-of-way so as not to interfere with the construction, operation or maintenance of the transmission line and the right of ingress and egress to the easement area. After the Utilities Board has reviewed the Petition for Amended Franchise it may conduct a public hearing and landowners have a right to participate in the hearing process. Notice of the public hearing will be published in a Linn County newspaper with county wide circulation. There is the possibility that right-of-way may be acquired by condemnation if approved by the Utilities Board. At this time, the Petitioner does not have the right of eminent domain. If eminent domain is requested by the Petitioner, the request will be considered at the public hearing conducted by the Utilities Board and the Petitioner must show that property is needed to serve a public use. If the Petitioner requests the right of eminent domain, a notice of the public hearing will be sent by return receipt mail to all affected landowners in addition to the notice being published in Linn County newspapers with county wide circulation.

As a landowner or a party adjacent to, in possession of, or residing on property which may be affected by the location and construction of the aforementioned electric transmission line, you have the right to be present at an Informational Meeting to be held at the place and time listed below. You also have the right to file with the Utilities Board objections to the location and construction of the proposed line as described. The Utilities Board's address is 1375 E. Court Ave., Room 69, Des Moines, Iowa 50319-0069.

Representatives of the Utilities Board will preside at the Informational Meeting and present a summary of the legal rights of affected landowners. Qualified representatives of ITC Midwest will be present to discuss the project and to answer questions. Persons with disabilities requiring assistive services or devices to observe or participate should contact the Utilities Board at (515) 725-7300 in advance of the scheduled date to request that appropriate arrangements be made.

Informational Meeting to be held:

Date: December 10, 2012  
 Time: 9:00 a.m.  
 Location: Mount Vernon City Hall,  
 213 1st St. NW, Mount Vernon, Iowa

In the event of inclement weather, determined by the cancellation of school/classes in the Mt. Vernon Community School District on the morning of the date of this Informational Meeting, the meeting will be held on December 17, 2012, at 9:00 a.m. at this same location.

Dated: October 25, 2012
