December 7, 2012

To Our Neighboring Landowners,

You are being notified that ITC Midwest LLC (ITC Midwest), with its principal place of business at 123 5th Street SE, Cedar Rapids, Iowa, 52401, is proposing to build a transmission line in Linn County, Iowa at a nominal voltage of 69,000V (69kV). This line is being built to improve reliability and provide better protection against lightning related outages in the area.

The informational meeting will be held at 2:30 p.m. in the lower level of the Ely Community Center located at 1570 Rowley Street in Ely, Iowa. The meeting should last approximately an hour. In the event of inclement weather, determined by the cancellation of school/classes in the Prairie Community School District on the morning of the date of this Informational Meeting, the meeting will be held on January 29, 2013, at the same time and location.

Your receipt of this notice indicates that property in which you have an interest lies within the notification corridor and may be affected by the construction of the proposed transmission line. Enclosed with this letter is the Informational Meeting Notice with a map of the proposed route for your reference. The final route within the identified corridor will be determined when easement negotiations with landowners are complete. Under Iowa law, ITC Midwest is not allowed to negotiate easements before the meeting on January 22, 2013. Please join us at the meeting for additional discussion regarding the purpose, timing and routing of the proposed line.

We would also appreciate a call or e-mail from you prior to December 21, 2012, giving us the names and addresses of any persons residing on the potentially affected property that may not own an interest in the property, such as a tenant farmer. The Company is required to notify persons residing on the property and must do so no later than 30 days prior to the informational meeting. The notification must be through certified mail with return receipt requested. Please call Jackie Swartz at (515) 282-5300, extension 466, with the tenant information or e-mail her at jswartz@itctransco.com.

Please contact Gary Quade at (563) 585-3605 or gquade@itctransco.com if you have any questions concerning this notice prior to the meeting.

Sincerely,

Lisa Stump
