**FARM TAPS**

<b>CONDITIONS OF SERVICE</b>	A. Farm tap customers, identified in Sheet 7, must operate and comply with all applicable rules and regulations of the Iowa Utilities Board and/or any Federal Regulations, as well as applicable conditions for new service stated on Sheet No. 59, Conditions for New Service Rural and Agricultural Service to Right of Way Grantors.	N N N N
	B. Any fuel line or yard line, defined as the portion of the customer-owned piping that connects the outlet of the gas meter to the outside wall of residential and commercial premises, must be tested regularly to confirm the line meets DOT pipeline safety standards.	N N N N
	C. If the line has not been tested for conformity with DOT safety standards, or if Customer cannot provide documentation of such testing within the last five years, Customer must establish proof of compliance to continue natural gas service.	N N N N
	D. Customer may either hire a licensed plumber or qualified contractor or request the Company to perform such testing identified on Sheet No. 21. If Customer uses a licensed plumber or qualified contractor to perform testing, Customer must provide the Company documentation to prove the line meets safety standards.	N N N N N
	E. If the customer-owned facilities do not meet DOT safety regulations, or if, in the Company's sole opinion, any condition exists that is determined to be dangerous to life or property by Company representatives, the Company may discontinue service and all expenses to correct the condition shall be borne by the Customer.	N N N N N
	F. The customer shall grant the Company the right of ingress or egress to customer's premises, for any and all purposes associated with Farm Tap Service or the exercise of any and all rights under the tariff. Customer authorizes Company representatives to enter Customer premises to inspect, test, maintain, repair or remove any Customer lines, service any odorization equipment if installed, and read any installed meters. FARM TAPS**

<b>TESTING</b>	<p><u>Partial Leak Survey</u> - The Company will conduct a partial leak survey to all customer fuel lines 100 yards from structures. This partial leak survey will be completed once every five (5) years, not to exceed 63 months.</p> <p><u>Odorometer Test</u> - The Company will conduct an annual odorometer test of at a minimum of 10% of active farm taps each year.</p> <p>The Company will perform a meter reading, check facility fencing, check gas delivery pressure and fill odorizer annually along with documentation of all activities performed.</p> <p>In the event of a leak being identified in the customer-owned fuel or yard line, procedures in Sheet No. 31 concerning dangerous conditions found in customer's premises shall apply.</p>	<p>N</p> <p>N</p> <p>N</p> <p>N</p> <p>N</p> <p>N</p> <p>N</p> <p>N</p> <p>N</p>
<b>SERVICE LINE REPLACEMENT</b>	<p>In the event customer's fuel or yard line does not comply with DOT testing standards, the Company will replace and own the service line. Cost to be paid by the customer for service line replacement is identified below:</p> <p style="margin-left: 40px;">a) The Company will replace service lines of 1,000 feet or less at no cost to the customer.</p> <p style="margin-left: 40px;">b) For service lines greater than 1,000 feet, the Company will replace the first 1,000 feet at no cost to the customer. For each additional increment (full or partial) of 500 feet, the customer will be charged \$0.25 which will be added to the monthly customer charge on the customer's bill.</p>	<p>N</p>
<b>LIABILITY</b>	<p>The Company is not liable for property damage or personal injuries caused by Customer owned yard line or fuel line. The Company is liable for property damage caused by Company negligence only.</p>	<p>N</p> <p>N</p> <p>N</p>
