

To whom it may concern,

My name is Jan Klapperich and I received a letter addressing the construction of the proposed 345 kv electric transmission line for Mitchell County Iowa Turtle Creek Wind Farm.

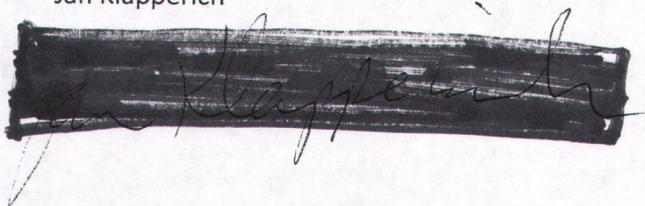

I am opposed to the transmission line Option B for these reasons

1. Close proximity of my building site (house included)
2. I am a seed corn salesmen and I farm on either side of the property line which is where my plot is located on
3. Located in those fields are 4 windtowers already dividing those fields up
4. I mow all the ditches so my farm and plot look good for my customers. The transmission line jeopardizes that . I feel that it could affect my business and also have concerns about health issues related to the transmission line

I have difficulty with My GPS signal around the wind towers and the transmission line will compound that problem especially be they will be so close to each other.

Aireal spraying is used by me for insecticides and fungicide during the course of the growing season and that make it difficult and dangerous for the pilots

Henry Woltag, Project Manager
Rorick Peterson, Ass. Director of Development
Turtle Creek Wind Fam, LLC
808 Travis, Suite 700
Houston, Texas 77002

Dear Mr. Woltag and Mr. Peterson:

I am writing this letter in response to the informational letter we received from you regarding the proposed transmission line. We will be unable to attend the meeting scheduled for December 6, 2016 where discussion will take place. However as property owners we would like to voice our concern.

Our 78.32 acre property is located in the South $\frac{1}{2}$ NE $\frac{1}{4}$ of Section 26 Town 100, Range 16. We currently rent this property out.

We would like to state that we strongly prefer Option A on your proposed map over Option B. Option A would be less intrusive to existing homes and building sites. Please give consideration to our wishes.

Sincerely,

A handwritten signature in cursive script, which has been obscured by a thick black horizontal bar.

Jenifer Anderson Laue

On behalf of all the owners of this 78 acres owned jointly
