IN RE: DISTRIBUTED GENERATION	DOCKET NO. NOI-2014-0001
--------------------------------------	--------------------------

ORDER GRANTING MOTION FOR EXTENSION OF TIME

(Issued August 12, 2016)

On July 19, 2016, the Utilities Board (Board) issued an order in this docket directing Interstate Power and Light Company (IPL) and MidAmerican Energy Company (MidAmerican) to file net metering tariffs that implement temporary, yet specific, tariff changes. The Board stated that the new tariffs shall increase the net metering cap from 500 KW to 1 MW (up to 100 percent of a customer's load), allow all customer classes to net meter but specify that each customer's generation will only offset the energy (kWh) charges and thus will not offset the customer charge or demand charge, and provide for an annual cash-out of excess credits at the utility's tariffed avoided cost rate. According to the July 19 order, the new tariffs are to be filed on or before August 15, 2016.

On August 10, 2016, IPL and MidAmerican filed a joint request for an extension of time, until August 31, 2016, for filing the new net metering tariffs. IPL and MidAmerican state that the additional time will allow them to identify the proposed revisions to key stakeholders, including the Office of Consumer Advocate (OCA), a division of the Iowa Department of Justice, the Environmental Law and

Policy Center (ELPC), and the Iowa Environmental Council (IEC) in advance of the filing deadline. IPL and MidAmerican state that they have contacted OCA, ELPC, and IEC and intend to discuss the proposed changes with them during the week of August 22, 2016.

The Board has reviewed IPL and MidAmerican's joint request and finds that it is reasonable. The Board will grant the extension of time and allow IPL and MidAmerican to file their net metering tariffs on or before August 31, 2016, as described in the Board's July 19, 2016, order.

IT IS THEREFORE ORDERED:

1. The joint motion for extension of time filed by Interstate Power and Light Company and MidAmerican Energy Company on August 10, 2016, is granted.
2. Interstate Power and Light Company and MidAmerican Energy Company shall file proposed net metering tariffs as described in this order on or before August 31, 2016.
