Effective: November 9, 2012

On October 8, 2012 the Iowa Utilities Board (Board) approved a settlement between MidAmerican and other Parties to the case. Among the issues settled, the Parties had agreed that the revenue increases should be recovered through a single adjustment clause to enable MidAmerican to recover fixed amounts of \$38.7 million in 2012 and \$76 million during calendar year 2013. MidAmerican's currently effective interim tariff recovers the \$38.7 million for 2012 in two separate adjustment clauses, an environmental cost adjustment clause and a fuel adjustment clause.

Ms. Joan Conrad
Iowa Utilities Board
October 10, 2012
Page 4

These tariff sheets are being revised to implement final rates for the revenue adjustment clause as described in MidAmerican's settlement filing made on July 27, 2012 and approved by the Board on October 8, 2012. The tariffs include the addition of the revenue adjustment clause; elimination of the environmental cost adjustment clause and a fuel adjustment clause; and change references from the two prior clauses to the single revenue adjustment clause on each affected tariff sheet. These tariff changes do not increase revenue for MidAmerican. Tariff sheets that were revised for location of text only for interim rates are not affected by the approved settlement and are therefore not resubmitted in this filing. The tariffs are proposed to be effective on November 9, 2012.

This Electric Cover Letter and accompanying revised tariff sheet are submitted herewith electronically. Please contact me if you have any questions.

Sincerely,

/s/ Debra L. Kutsunis
