	:	

**INTERSTATE POWER AND LIGHT COMPANY’S AND MIDAMERICAN ENERGY
COMPANY’S MOTION FOR EXTENSION OF TIME**

Interstate Power and Light Company (“IPL”) and MidAmerican Energy Company (“MidAmerican”) request an extension of time for filing of Net Metering Tariffs required by the Iowa Utilities Board’s (“Board’s”) *Order Directing Filing of Net Metering Tariffs* issued July 19, 2016 (“Order”) in this docket. The Board requested that tariffs responsive to the Order be filed on or before August 15, 2016. IPL and MidAmerican hereby request that this deadline be extended to August 31, 2016.

In support of this motion, IPL and MidAmerican state as follows:

1. The Order directs IPL and MidAmerican to include three key requirements in their respective tariffs.
2. While the Board has provided its direction in the Order, these key requirements require drafting and review to ensure that IPL and MidAmerican implement the changes in an effective way.
3. A short extension of time to provide more time for drafting and review will help IPL and MidAmerican fulfill the requirements of the Order efficiently.
4. Additional time will also allow IPL and MidAmerican to identify the proposed revisions to key stakeholders, including the Office of Consumer Advocate (“OCA”) and the

Environmental Law and Policy Center and Iowa Environmental Council (together the “Environmental Intervenors”) in advance of the filing deadline. IPL and MidAmerican have contacted the OCA and Environmental Intervenors and plan to discuss the proposed changes with them early during the week of August 22, 2016.

5. Given this, a short extension of time will allow IPL and MidAmerican to discuss proposed tariff changes with interested parties, and to develop tariff proposals that fulfill the letter and the spirit of the Board’s Order effectively.

IPL and MidAmerican respectfully request that the Board grant an extension of time to file tariffs in response to the Order until August 31, 2016.

Dated this 10th day of August, 2016.

Respectfully submitted,

Interstate Power and Light
