IOWA UTILITIES BOARD

Iowa Utilities Board -

Objection to -

Rock Island Clean Line (RICL)
docket - Scott Co E 22138

We are objecting to RICL filing, for
the third time!, a motion for
bifurcation.

The process of eminent domain should
NOT be granted to a private speculative
project - especially when they
only have LESS THAN 15% of easements
secured - after 2 years!

Please add this objection to the
many, many other objections.

Thank you.
