3.5.1 Applicability

Prepaid Institutional Service calls are originated by entering a Personal Account Code. The Company's system informs the Customer (i.e., inmate) of the Available Usage Balance remaining in his/her Prepaid Account and prompts the Customer to place a call by entering a destination telephone number. All monetary transactions take place between the Institution and the Customer, and are under the direct and complete control of the Institution.

Prepaid Institutional Service rates are not distance or time of day sensitive. Holiday discounts do not apply. Network usage for Prepaid Institutional Account Calls is deducted from the Available Usage Balance in Customer's Prepaid Account in full minute increments. For debiting purposes, call timing is rounded up to the nearest one (1) minute increment after the initial minimum period of one (1) minute. SECTION 3 - DESCRIPTION OF SERVICE AND RATES, (CONT'D.)

3.6 Advance Pay Accounts

In those areas where the Company does not have a direct billing agreement with the existing local exchange carrier, or upon a Customer's request, the Company will set up an Advance Pay Account with the Called Party (Customer) for payment of collect calls placed from Institutions served by the Company. Funds in the Customer's Advance Pay account may only be used for payment of collect calls placed by inmates to telephone numbers specified by the Customer. Establishment and maintenance of an Advance Pay Account is required to complete collect calls to Customers served by local exchange carriers with which the Company does not have an existing direct billing and collection agreement.

Upon request, the Company will provide the Customer with a personal identification number (PIN) and a toll-free number to call in order to set up the account information, including the permissible numbers that the inmate may call.

Additional payments will be accepted with a \$50.00 payment maximum. Initial and additional payments into the account may be made by cash, check, credit card or Western Union. Transaction fees will apply to the use of all automated payment methods unless specifically excluded. All payments will be subject to applicable taxes.

When an inmate places a call, the Customer is informed of both the caller's identity and the account balance prior to accepting the call. Customers may also contact the Company's toll-free customer service number for account balance information at any time.

If the Advance Pay Account balance becomes depleted, calls placed to the numbers specified by the Customer will be blocked until the Advance Pay Account is replenished.

The Customer may close the Advance Pay Account at any time. At the written request of the Customer (usually upon release of an inmate from an Institution), any remaining balance in the Account will be refunded to the Customer after deducting any call charges, applicable taxes and transaction fees incurred during the current billing cycle. Advance Pay Accounts will be automatically dissolved following three months of zero activity (i.e., no calls placed, no account replenishment, no customer service inquiries).

All security measures and inmate calling restrictions as set forth elsewhere in this tariff are also applicable for any calls made using an Advance Pay Account.

With a Prepaid Debit Account, each inmate has the option to transfer funds from his/her personal account to his/her telephone account. This is accomplished by facility personnel or through a direct interface between the commissary system and/or booking account and the inmate phone system. This account is associated with the inmate's Personal Identification Number (PIN.) When the inmate places a call, he/she has the option of calling collect or prepaid/debit. Once debit is selected, the inmate enters the PIN and called telephone number. All deposits to the account are paid to and handled by the entity managing the account, e.g., JMS, facility, commissary, etc. The Company receives payment from the Institution; it does not engage in direct monetary transactions with the inmate.

The Company's system automatically informs the caller of the Available Usage Balance remaining in the Prepaid Debit Account, and provides prompts to place the call by entering the destination telephone number. Network usage is deducted from the Available Usage Balance in the account on a real time basis as the call progresses.

Payment for Prepaid Institutional Calling Services and any Available Usage in the Prepaid Debit Account is refundable upon request after release of the inmate from the Confinement Institution. The Available Usage Balance expires three months from the date of the last activity on the Prepaid account. No refunds of unused balances will be issued after the expiration date.
