**PROCEDURES FOR REMOTE PARTICIPATION
IN SCHEDULING CONFERENCE**

(Issued July 8, 2016)

On November 6, 2014, Rock Island Clean Line LLC (Clean Line) filed with the Utilities Board (Board) 16 petitions for electric transmission line franchises in 16 Iowa counties. Clean Line proposes to build a direct current transmission line from northwest Iowa to Illinois, a total distance of approximately 500 miles.

On June 23, 2016, the Board issued an order setting a scheduling conference to begin at 2 p.m. on July 11, 2016, in the Board's hearing room, and also setting a deadline of July 6, 2016, to file a petition to intervene in order to participate in the scheduling conference. In that order, the Board said that procedures for remote participation in the scheduling conference would be published in a subsequent order. This information has already been provided to the parties by electronic mail.

The remote access will be provided using GoToWebinar. Parties wishing to participate remotely should register for "Scheduling Conference – E-22123 et al." on July 11, 2016, at this address:
