
IOWA UTILITIES BOARD
Energy Section

Docket No.: TF-2011-0050
Utility: Black Hills Energy
File Date/Due Date: April 22, 2011
Effective Date: May 25, 2011
Memo Date: May 3, 2011

TO: The Board

FROM: George D. Belken

SUBJECT: Revision of Original Tariff Sheet 14a

I. Background/Analysis

Black Hills Energy filed TF-2011-0050 to update-revise Tariff Sheet 14a. Revised Tariff Sheet 14a reflects the Large Customer charge increase of the Modified Settlement Agreement authorized by the Board in Docket No. RPU-2010-0002. The sheet was inadvertently omitted from the compliance filing in Docket No. TF-2010-0076 (RPU-10-2).

The changes to this sheet are: (1) an increase in the Large Customer charge from \$150 to \$200, (2) elimination of clause 3F, which no longer exists, (3) reformatting to make the sheet consistent with the company's 2008 format changes, and (4) new proposed and effective dates for the tariff (May 25, 2011).

II. Recommendation

Approve Black Hills Energy's revised tariff pages by letter, effective May 25, 2011, subject to complaint or investigation.
